ARTICLE 20 On motion of Lewis Hanson and seconded by Kenneth Sorlien it was voted to authorize the Selectmen to costshare with landowners the expense of their hiring a professional forester to oversee timber harvest on their lands with the Town. Said costshare amount shall be determined by the Selectmen and shall not exceed 10% of the actual timber yield tax revenues paid by the landowner to the Town.

ARTICLE 21 On motion of Priscilla Sorlien and seconded by Christopher Williams it was voted to authorize the Selectmen to hire money in anticipation of taxes.

ARTICLE 22 On motion of Robert Beem and seconded by Bess Hanson it was voted to authorize the Selectmen to apply for, receive and expend federal or state grants which may become available during the course of the year, and also

to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money, provided: (1) that such grants and other monies do not require the expenditure of other Town funds, (2) that a public hearing shall be held by the selectmen prior to the receipt and expenditure of such grants and monies, and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:05-b.

ARTICLE 23 On motion of Lewis Hanson and seconded by Bruce Burrows it was voted to authorize the selectmen to sell property acquired by Tax Collector's Deed.

ARTICLE 24 No action necessary on committee reports relative to any article in the Warrant.

ARTICLE 9 Lewis Hanson moved to amend the Article: That the Town vote to raise and appropriate \$10,540.00 for the purpose of providing ambulance service to the Town, \$5,000.00 to be paid from Revenue Sharing Trust Fund, the balance to be raised by taxes. This was seconded by Robert Beem and voted in the affirmative. The original article as amended was then voted in the affirmative.

A motion made and seconded to adjourn the Town Meeting was accepted by the moderator and so declared at 8:45 P.M.

The oath of office was taken by all the elected officials and was administered by the moderator.

The lunch and dinner were served by the 4-H Club under the supervision of Carol Crane.

LAKES REGION PLANNING COMMISSION - 1986

Throughout the year the Lakes Region Planning Commission maintained its basic local planning services to member communities, and pursued regional planning projects in transportation, shoreland management, historic preservation, water quality and solid waste management. The LRPC also took steps to improve its financial position and staffing in order to enhance its capability for delivery of high quality professional services at reasonable cost. Twenty-eight of the thirty-two communities in the region are now members of the Commission.

Local Assistance

In a period of rapid regional growth, town officials have come under considerable pressure to sort out the complex ramifications of development. As a consequence, they have leaned heavily on the LRPC for planning advice and technical assistance, and the staff has responded with guidance, draft and sample texts and other vital information. The Commission, for example, has worked with several communities on economic development matters, helping Tilton and Tamworth in preparing applications for Community Development Block Grants, and consulting with Wakefield, Laconia and Franklin, among others, on economic development strategies. It has assisted Meredith in preparation of a capital improvements program and Freedom in developing an interim growth management ordinance in the face of intensive development pressures. High on the agenda of many towns are the updating of master plans and the preparation of capital improvement plans, as these must be in place before a town can adopt growth management regulations.

The LRPC's record of town inquiries shows a lively concern with these matters as well as with ground water, soils and slopes, road standards, interpretations of the RSA, and a broad range of other queries relating to subdivision regulations, zoning ordinances, site plans and planning board procedures.

The potential pit-falls in the planning process are many, and communities are becoming increasingly aware of their vulnerability to (a) the consequences of unmanaged growth, and (b) the legal complications arising from uninformed actions and procedures. Largely for these reasons, the LRPC again sponsored in this region the annual Law Lecture Series organized by the Municipal Association.

Regional Planning

Transportation issues received major attention this year from both staff and commissioners. Among the projects were: (1) research on improved transportation services for the region's transportation disadvantaged (an Urban Mass Transportation Act funded report was published in June;) and (2) a longer term program to develop baseline transportation data for the region and the State Department of Transportation (DOT). The DOT's funding came to LRPC as one of four rural regions and permitted the hiring of part time professional assistance to aid an active regional transportation policy committee. The research involves an explanation of the road network, traffic volume, highway adequacy and similar concerns in air and rail transport as a guide to future DOT and local planning.

The environment, especially water quality and shoreland protection, is another area of continuing major interest to the LRPC in its regional planning role. With funding from OSP, special appropriations from some member communities, and grants from IPC, businesses and the Arwood Foundation, LRPC prepared (a) a survey of the region's shoreline zoning regulations and a model shoreland overlay district ordinance, and (b) an updated catalog of the region's existing development regulations, town by town.

With a view to assembling a data base on the region's surface water quality, three regional meetings were held with members of the Lake Lay Monitoring Program (LLMP). These and other initiatives by commissioners and staff helped focus legislative attention on water quality issues. The quality of both surface and ground water are matters of abiding concern to the region, and the LRPC continues to monitor legislative action, or inaction, closely. In many ways, obviously, water quality management is inseparable from land use planning.

In the fall of 1986 the LRPC started work to update the 1977 Regional Land Use Plan. This undertaking, backed by OSP funding, will include a detailed investigation of land use changes over the past ten years leading to an assessment of the significance of these changes measured against the overall goals for land use. A series of public meetings was scheduled to obtain citizen comment on the land use plan and its statements of goals and objectives. The plan is the region's blueprint for local development and is frequently consulted by local planning officials and the LRPC staff.

General

Administrative changes have been made to tighten the budget and avoid deficits such as that of FY 1985. The Commission has redefined its list of basic and reimbursable services in an effort to insure that the actual cost of providing expected services is covered either through dues or, for special projects, by negotiated reimbursement arrangements.

As is well known, federal funding sources are far scarcer than in past years. Since a statutory requirement remains to deliver certain services, the LRPC will continue to seek all possible State support and will set community dues at the minimum level consistent with assurance of quality services.

Staff has remained very lean over the past year, too lean in fact, to handle the workload without significantly heavy and uncompensated overtime. The three full-time and three part time positions of 1986 were a far cry from the eleven full-time positions of 1979. The Commission definitely needs a modest increase in staff just to carry out its basic responsibilities to member towns.

In mid-1986 the LRPC hired a part time transportation specialist and a full time planning technician. A "circuit-rider" planner was recruited to serve the planning needs of Belmont and Franklin, paid and used exclusively by those two towns. This technique could be applied elsewhere. In November the LRPC faced an urgent need to fill the position of senior planner vacated by 14-year veteran James Rollins.

Conclusion

That the region's communities are firmly oriented toward sound land use and growth management is demonstrated by the number of towns which already have land use ordinances in place and by the activity of others to complete the process. But successful planning and growth management requires solid citizen support. That support is given through the town budget process and through volunteer time. This is as true today as it was in the recent past; witness the following from the LRPC's 1979 Annual Report:

"The quality of growth management must be viewed in the context of financial support. A good plan and an effective planning process will cost more than a poor process. Good planning requires countless hours of volunteer involvement with professional backup. Some key planning recommendations, in turn, will inevitably succeed only through public expenditure...New approaches to planning will be successful only to the extent that the public is involved. The public will want ideas that help to support their goals but also ones where costs appear to be justifiable."

INTER-LAKES DAY CARE CENTER AND NURSERY SCHOOL

The year 1986 brings us to the 15th anniversary of our incorporation. We are proud to be of service to the towns and appreciate your continued support over the years.

During 1986 the Inter-Lakes Day Care Center served 147 children from 115 families. Because of the great number of working parents our enrollment was up 16 percent from last year. The Inter-Lakes Day Care Center, Inc. is a private, non-profit, fully licensed, tax-exempt child care program incorporated in October 1971, and governed by a volunteer Board of Directors comprised of community citizens and parents. Our school is open on a year-round basis from 6:30 am to 5:30 pm making it possible for parents to maintain employment. As a participant in the New Hampshire Child Care Food Program sponsored by USDA 9,161 hot lunches, 2,506 breakfasts, and 17, 994 snacks were served during the year.

Our goals and primary responsibilities to working families are to provide a stimulating atmosphere with a program of social, emotional, physical, and cognitive development for ages three through twelve. The children receive creative and educational experiences, field trips, weekly movies, and many other enrichment activities. In addition we provide a full range of services of health care, nutrition, dental care, vision and hearing screening, child behavior and development with parenting education and resource availability for the entire family.

Programs offered include full and part time child care, a Nursery School Program open to children of non-working parents, a Seven-Upper Program for school children before and after school and during vacation, individualized special needs for handicapped children or those in protection from abuse and neglect. For the third year we are sponsoring a network of licensed Family Day Care Homes receiving federal reimbursement from USDA by serving nutritious meals and snacks while providing care for children of working parents in their homes. We currently have 25 homes under this program.

The total budget of the Inter-Lakes Day Care Center for 1987 is \$176,000. Of this we will be receiving in tuition paid by parents \$112,143, \$6,400 from N.H. Child Care Food Program (USDA), \$6,000 from N.H. Child Care Food Program (USDA) for sponsorship of Family Day Care Homes, \$1,005 from N.H. Job Training Partnership Act, and \$2,500 from United Way. This also includes the following: \$47,952 of which \$28,600 is Title XX and \$19,352 which must be raised in local funding. The money that is received from the towns is matched by the federal government under Title XX.

Area residents are cordially welcome to visit the Inter-Lakes Day Care Center and Nursery School at 11 Lang Street in Meredith.

CENTRE HARBOR PLANNING BOARD

ANNUAL REPORT

The 1986 activities of your Planning Board were approximately equal to the previous year.

The Board did much soul searching to find a way to assist property owners who may require minor adjustments to their property without the time and expense that a Site Plan Review would require. A Site Plan Alternative was adopted at a public hearing on May 6, 1986.

There were two resignations in 1986 that were regretfully accepted by the Board. Louise deSousa, the member with the longest service, resigned because she moved out of town. Her long service to the residents of Centre Harbor is to be admired and is appreciated. Also lost to the Board was Co-chairman Julian Shlager who resigned for personal reasons and will also be missed.

The Board is pleased to welcome back Jacqueline Baker as an alternate member.

The Planning Board wishes to thank Ken Sorlien, Member-at-Large of the Lakes Region Planning Commission, for his continuing efforts to keep the Board informed of the Commission's and the neighboring communities activities as they apply to Centre Harbor.

Several members of the Planning Board attended the Municipal Law Lecture Series, sponsored by the Lakes Region Planning Commission, so that we can better serve the community.

Once again, we are thankful for the efforts of Clerk Joan Taylor on behalf of the Board.

The Planning Board meets on the first and third Tuesday of each month at 7:30 in the Cary Mead Room. We will welcome input by members of the public. Let us know how we may better serve.

MAURICE R. COLLINS
Co-chairman

LAKES REGION FAMILY SERVICE ASSOCIATION, INC.

AGENCY PROGRAMS AND SERVICES:

Lakes Region Family Service Association, Inc. is a social service agency offering a counseling and a domestic violence program to residents of the Lakes Region. The agency is staffed by Master's level counselors who work in conjunction with a consulting psychiatrist. The agency is governed by a local volunteer Board of Directors.

The agency's family counseling program includes individual adult, couples, child/adolescent/family counseling services. Counseling clients are charged according to a sliding fee scale, and no one is denied services based on inability to pay. Psychiatric consultation is available for clients; in 1986, the agency began offering psychological evaluation services through Leo Sandy, Ed.D. In 1986 we expanded our group offerings to include a group for adult women who have experienced incest as children. The group, entitled "Voice", currently services six (6) women.

On September 15, 1986 the agency began the first of a series of Parenting Workshops. Led by Leo Sandy, Ed.D., the workshop serves twenty-seven (27) people and teaches participants about child development, as well as teaching problem solving skills. The first workshop is free, funded by a grant from the Ella Anderson Trust. Subsequent workshops in 1987 will be funded through a special grant from the N.H. Division of Children and Youth funds. We are extremely pleased to be able to offer this parenting program, since there has not been a consistent parenting program in the Lakes Region in recent years.

Since 1981, Lakes Region Family Service has offered emergency and rehabilitative services to victims of family violence. Our emergency services include a 24-hour crisis line, transportation, advocacy, and a shelter for abused women and their children (The Brewer House). The agency also counsels all members of the violent family and provides a support group for battered women. The shelter for abused women opened in January, 1986 and has served twenty-six (26) women and forty-five (45) children thus far this year. Emergency services to violent families are offered free of charge.

Residents of Center Harbor are served by both our family counseling and our domestic violence program.

Centre Harbor Funding Request

We are requesting \$600 from the town of Centre Harbor to assist us in providing counseling and domestic violence services to Centre Harbor residents. Residents of Centre Harbor are seen in our Laconia office, and at our one day a week satellite office in the Meredith Congregational Church.

An additional \$500 is being requested to help fund "The Brewer House", a shelter for abused women and their children. The shelter is a new program, established January 1986, and requires town funding in order to continue existing as a resource for families in our region. Twenty-six (26) women and their forty-three (43) children have been residents of the shelter in 1986.

Centre Harbor residents have utilized the shelter in 1986. Residents of the shelter receive intensive services including court advocacy, support group, counseling and financial assistance.

Shelter: 1987 Proposed Budget

Revenue

Town Funds	\$6,000.00
Civic Organizations	5,500.00
Victims of Crime Assistance Funds	3,500.00
N.H. Bar Association Funds	<u>2,000.00</u>

Total	\$17,000.00
-------	-------------

Expenses

Shelter staff person (25hr/wk)	\$8,450.00
Employee Benefits	650.00
Equipment	500.00
Telephone and Beeper	1,300.00
Utilities/Heat	3,000.00
Maintenance	1,200.00
Insurance	500.00
Supplies	600.00
Postage/Printing	500.00
Emergency Food	<u>300.00</u>

Total	\$17,000.00
-------	-------------

This budget reflects direct costs of shelter operation; the agency absorbs administrative costs for the program.

The towns of Gilford, Meredith, Tilton and Northfield supported our program in the amount of \$1,000 in 1986; the towns of Gilmanton, Belmont, Centre Harbor and Sanbornton supported us in the amount of \$500. These requests are based on utilization of the domestic violence program by the towns.

In summary, we are requesting \$600 to help support overall agency services and \$500 to help fund the shelter, which is a new program offered by Lakes Region Family Service as a parent agency to the Lakes Region Task Force Against Domestic Violence.

JAMES E. NICHOLS MEMORIAL LIBRARY

ANNUAL REPORT OF THE TRUSTEES

1986

The trustees have met regularly each month on the third Wednesday, at the Library.

Gertrude Martin, the librarian, reports the following statistics:

The Wednesday afternoon story hour has been held from October through May, in charge of Mrs. Kenneth Sorlien, with a total attendance of 200 children.

Fifty-five new classical records were generously donated by summer resident Mr. William Schwann. This gift brings the Library total to 728 plus 13 musical cassettes. Statistics show we have 11,712 book title holdings and 33 children's film strips.

Registration of borrowers is 618.

Each year the Library hosts a program by an IFFY student who has returned from living abroad for six months with a native family. This year's student visited the Barbados and gave an excellent and well-informed program with slides. We hope many more residents will take advantage of this event, and attend in the future.

The librarian reminds everyone of the Library hours:

Winter - Wednesday, 2 - 8 PM.
Saturday, 10 - 4 PM.

Summer - Monday, Wednesday and Friday
3 - 8 PM

Winter hours run approximately from the end of October to mid-June. Consult your local paper for announcement of dates, as each year varies with the date.

In January necessary roof repairs were made. Plaster repair and painting have been performed and additional lighting has been provided in the basement.

Dick Cabell retired as trustee and treasurer for reasons of health. He left with the trustees' expression of appreciation for many years of faithful service. Trustee Walter Kneeland has accepted the position of treasurer, and Marion Frank is filling Dick's unexpired term of office.

The death of former trustee Merrill Beem was noted with regret. His years of faithful service is much appreciated. The librarian's assistant, Nancy Whitman, submitted her resignation in July and was replaced by Beverly Pocock.

It was voted in December by the James E. Nichols Memorial Library Association to change the date of the annual meeting from October to January of each year, in order to comply with the State Library Calendar. Trustee Catherine Campbell has resigned as chairman of the trustees but will remain on the board. Chip Sorlien is the newly elected chairman.

The trustees continue to extend home services for books to shut-ins in the area and hope the service will continue to be used. Just phone the Library.

CENTRE HARBOR FIRE DEPARTMENT

1986

From the standpoint of fire safety and fire suppression, the year 1986 was a very good one for the town of Centre Harbor. A total of 154 alarms were answered, of which 62 were for medical services. Hopefully, the small number of serious fires reflects an on-going practice of prevention by our citizenry. Keep up the good work!

Every home owner should establish a fire escape plan for every room of the house. The principles of home fire escape are simple and sound, and can be outlined as follows:

1. Have smoke detectors on every level of your home and make sure that they are in working order.
2. Know two routes to the outside from every room, especially the bedrooms.
3. Have everyone in the house memorize the fire emergency phone number and the property tax map number, and have both numbers posted near each phone. (524-1545)
4. In case of a fire, have a place selected outside where everyone can meet for roll call.
5. Locate the closest phone outside of your home from which you can report a fire.
6. Once outside, NEVER go back into a burning building.
7. Practice using your escape routes on a regular basis.

Again this year your fire department wishes to compliment all home owners for keeping their chimneys and stove pipes clean. A very few chimney fires attest to this practice. If you find that you do need chimney cleaning tools, they are available on loan at the fire station. Wood burners are advised to be especially sure that they keep their stove pipes soot free. A soot and creosote buildup in the stove pipe will ignite and carry flames to the chimney where the real trouble begins. If you have a chimney fire, and even if it goes out by itself, have it checked by your fire department. Above all, remember, the worst possible way to clean a chimney is to burn it out. Many good lined chimneys have been ruined this way.

On the back pages of your town report you will find your tax map number listed next to your name. Memorize this number and also have it posted near your phone. When reporting any emergency, this tax map number gives the fire dispatcher and the fire department the exact geographical location of your property. The names of home owners and renters change frequently, but tax map numbers remain constant, and thus are the only foolproof method of locating your property.

The shiny red trucks that you see as you pass the fire station are maintained in the best possible condition for immediate response. You will notice that each fire truck carries a high capacity pump. These pumps are useless if the trucks cannot get within 30 to 50 feet of a large water source. The point is this, land owners with water frontage should provide access for fire pumpers for their own protection and that of their immediate neighborhood. Our trucks carry a total of

about 2600 gallons of water. It takes mutual aid 20 to 30 minutes to arrive and function. A working fire needs a minimum of 250 gallons a minute to achieve a knock down. Now...write your own bottom line! Please, help your fire department get access to the water which is all around us.

The time has come for this community to consider replacing our oldest engine with a new piece of equipment. Engine #2 was put into service in 1964, and that makes it 23 years on the line. We still use it, but replacement parts are getting impossible to find. To be sure, fire engines are expensive, but they are a necessary tool in a growing community, and by rights, they should be placed on a regular replacement schedule just like any other piece of town equipment. The whole question boils down to this; What degree of risk is this community willing to accept in the area of fire protection for its homes? It must be remembered that the fire department alone does not bear the burden of providing fire protection. The responsibility must also be shared by informed and understanding town officials, and the property owners of the town. Your fire department sees the need, but the taxpayers pay the bills and also assume the risk! By Town Meeting time next year, that is 1988, the fire department will be asking for a replacement for Engine #2. By that time many hours will have been spent working up a set of specifications for a vehicle that will best suit the needs of this town.

Never hesitate to call your fire department in any emergency. The sole purpose of our existence is to protect life and property in this community. Wishing a fire safe year for all.

REPORT OF THE TOWN FOREST FIRE WARDEN
and
STATE FOREST RANGER

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

NEW HAMPSHIRE HUMANE SOCIETY
Meredith Center Road
Laconia, New Hampshire

January 7, 1987

Office of Selectmen
Chief of Police
Town of Centre Harbor
Centre Harbor, New Hampshire 03226

Dear Town Officials:

The 1986 totals of the number of animals from the town of Centre Harbor brought to the N. H. Humane Society shelter are as follows:

By your Animal Control Officer	
Dogs and puppies	5
Cats and kittens	<u>0</u>
TOTAL	5
From Centre Harbor Residents:	
Dogs and puppies	15
Cats and kittens	<u>26</u>
TOTAL	41
Total number of dogs, pups, cats and kittens from Centre Harbor	46

We are enclosing a copy of the report on all towns that used the shelter facilities and services in 1986. Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442-A, the Rabies Control Act for holding stray dogs.

Every town has stray animal problems. We encourage the town of Centre Harbor, and especially the Animal Control Officer, to use our services more in 1987.

Sincerely,

FRITZ T. SABBOW
Executive Director

TOWN OF CENTRE HARBOR
PARKS AND RECREATION DEPARTMENT

On February 15th a skating party for town residents was held at the town rink with about 30 participants. On March 30th the Parks and Recreation Department held an Easter party with games, an Easter egg hunt, relays and refreshments. About 40 children took part.

The Parks and Recreation Department sponsored and planned both the Memorial Day and Fourth of July parades. The Inter-Lakes High School band provided music for the Memorial Day parade, and the musical group "Unbroken Chain" participated in the Fourth of July parade and offered an enjoyable concert later on the lawn of the Municipal Building.

The annual foot race drew about 250 participants who competed in the two-mile, five-mile and children's races. The festivities for the Fourth were concluded with an excellent display of fireworks at the town beach.

The Parks and Rec summer program drew both local and summer children for eight weeks of bike and foot hikes, fun and games for pre-schoolers, tennis lessons, arts and crafts, volleyball and swimming lessons with a total number of 100 participating.

The Red Cross swimming program was offered at the town beach, as it has been in past years with 30-40 children enrolled in the various classes including pre-beginner and parent-tot, beginner, intermediate, advanced and life-saving. Two lifeguards were on hand at the beach, and three were available on the busiest days.

The new Recreation Park of Centre Harbor has been started at the junction of routes 25B and 3. This summer the tennis courts were completed and used by many. The softball field, volleyball and basketball courts, as well as parking lot, were cleared and levelled. Much work has yet to be completed at this new site.

The town is continuing to look for solutions in regard to the parking problems and boat-launching facilities at the town beach. With help from the Meredith Rotary the beautification project at the docks has been started and will be ongoing. Any concerned or interested townspeople could contact the Parks and Rec committee if they desire to become involved.

A Halloween party was held October 31st at the Municipal Building with about 100 youngsters in attendance. The usual games, costume parade, haunted house and treats were enjoyed.

A Christmas party on December 13th ended the year's activities.

Eloise and Bart Coudert, who have done a fine job with the Parks and Rec programs for several years, have started a family business and resigned from the department at the end of the summer. They will be missed. Aleta Anderson and Thomas Crane have been appointed by the selectmen to replace them.

We want to take this opportunity to thank the firemen and other members of the community who have given their support and enthusiasm to our recreation programs.

REPORT OF THE CONSERVATION COMMISSION

1986

In addition to the review, investigation and reporting of requests to the State of New Hampshire Wetlands Board for permits to dredge or fill or construct docks, the Conservation Commission undertook two new projects in 1986.

One was the sponsorship of, and full tuition for, two Centre Harbor youngsters to attend the New Hampshire Youth Conservation Camp. This camp is located at Interlocken in Windsor, New Hampshire and is organized and staffed by the Society for the Protection of New Hampshire Forests. Campers have a week in the outdoors learning about forests, soil, water and wildlife. The program involves "canoeing Black Pond, hikes up Windsor Mountain, water samples, soil tests, trees that have names, timber sales, deer signs, beaver dams, coves and porcupine quills, as well as swimming and frisbee." In the evening, songs around the campfire are combined with discussion of current issues in conservation, such as acid rain and wildlife protection. Participants must have completed grade eight by end-of-June camp time and be 13 through 18 years old. In 1986 the camp attendees sent from Centre Harbor were Hans Larsson and Danny Maltois. The camp is a "one time experience" - so designed in order to reach as many students as possible.

The 1987 camp will be June 21-26. Interested students and/or parents please contact Commissioner Mrs. Thomas Power, RFD #1, Box 101, Centre Harbor, NH 03226; phone 253-9504. Don't wait - registration closes May 15.

The second new project started in 1986 was the testing of water quality in Centre Harbor Bay of Lake Winnepesaukee. After securing a pledge from the Moultonborough Conservation to share the cost, we entered into an agreement with the Fresh Water Biology Group of the University of New Hampshire and commenced a Lake Lay Monitoring Program (LLMP). A team of instructors came up from UNH and at our town docks and out in Kline's boat showed Commissioners Ingrid Smith and Duke Kline the proper procedures to follow for the weekly water sampling. Additional volunteers from both Moultonborough and Centre Harbor can participate in this important and rewarding project. If you want to help in '87, please contact Commissioner Duke Kline, P.O. Box 10, Centre Harbor, NH 03226; phone 253-7633.

The Conservation Commission has endeavored in 1986 to lay the groundwork for a Household Hazardous Waste Cleanup program in 1987. The success of this project will depend upon the cooperation of several of our neighboring towns because of cost factors. The Town of Sandwich has indicated definite involvement, and we are hoping to have Holderness, Moultonborough and Meredith join us for a big "cleanup" day in late June.

During 1986, requests from Centre Harbor citizens to the State Wetlands Board for permits to build docks, or dredge or fill were all investigated by the Conservation Commission. In two cases the Wetlands Board gave modified permits which will require our follow-up in 1987.

Also in 1987 we expect to do much work on getting some of our Centre Harbor wetlands designated as "Prime Wetlands" to ensure their protection from abuse.

If any members of our community have suggestions to make or assistance to give, such will be most welcomed by the Commissioners.

Report of the Executive Secretary of

THE LAKES REGION ASSOCIATION
July 1, 1985 to June 30, 1986

The major program of the Lakes Region Association is our Cooperative Advertising/Mailing Program in cooperation with five of our Chambers of Commerce. Under a special formula system it was set up so that each of the Chambers could participate at whatever level was within their reach, either financially or brochure wise, giving each community its own identity. This program used \$11,470 of cooperative funds and requested a State Matching Grant of a like amount, giving us \$22,940, the largest sum we have had yet for this program. These monies covered the cost of magazine and newspaper advertising, the expense of mailing literature to those requesting it and the postage. This program stimulated over 39,869 individual requests. This program is the envy of many other areas and some have tried to copy it.

The Lakes Region Attractions also increased their program with both a Pre-season Television flight and an In-season flight plus adding a Radio budget in-season of \$5,000. The total spent on television was over \$44,000. This well-designed program was used out of state to increase the day tripper as well as the longtime visitor. They also published 550M brochures, and had an excellent distribution program to keep literature before the public.

For the Association the WHERE TO book is our main piece of literature and in 1987 we will publish our 50th edition, a feat not equaled by any other organization of this type in New Hampshire. We continue to distribute five Lake Navigational Charts to encourage safety on our waters. We guide new commercial properties in their promotion; we work with several of the State agencies; are active in the New Hampshire Travel Council; the N.H. Hospital Association and the Air Resources Agency.

We have not deviated from our goal to preserve the quality of life in the Region and to maintain and preserve the Natural Resources of our lakes, our fields and forests so that they can be enjoyed not only by our residents and visitors but for those that are to come after us.

We have faith in our communities, their judgment and their ideals and the Lakes Region Association will continue to work in concert with our communities to a mutual goal.

Respectfully submitted,

MILDRED A. BEACH
Executive Secretary
